Sozo Friends

Since the collection of tools developed by others began to be called "Sozo" it has been a voluntary association of individuals, ministries, churches and other organizations that use the Sozo Model in ministry or support its use. There are many others who use these tools individually - and the list is growing monthly.

We owe a debt of gratitude to those who originally developed these tools or gave them a better structure including: the Argentina Revival team, Randy Clark, Dave Grewe, Dr. Ed Smith, Pastor Alan Ray, Aiko Hormann and others. We also owe special gratitude to Dawna Desilva of Bethel Church in Redding CA who, in setting up an inner healing ministry there, began using the Four Doors tool and later (as others began using the tools and becoming friends) suggested the use of the Father Ladder, Presenting Jesus (a form of Dr. Ed Smith's approach), and tools from Aiko Hormann (divine editing and the trigger mechanisms). She gave the "toolbelt" as she called it the name "Sozo".

We became involved in this ministry model when it only used the Four Doors as a tool (4 hour sozos!) and grew with it. One goal of TFR was to build simple understandings and a stronger biblical basis to allow this model to better spread among denominational churches and to a more conservative base. Out of that came the Ten Foundations, The Fruit Loop, the tie-in to the parables in Luke 15 (how Jesus did "inner healing") and the like.

Our belief and hope, expressed from the beginning, is that Sozo is the name given to a model built by many not an organization controlled by few. It is a set of understandings and tools, its establishment is informal and often word of mouth. There is no controlling agency or group, no dues, and no certified membership. Think of it more like AA and less like SOZO Inc. and you will be mostly there! It is a network of friends and friends of friends. That is how we operate. It seems to be how Jesus set things up in the first place!

Our hope is that TFR can be one place (perhaps among many) where quality information true to the foundations of Sozo can be maintained and offered freely - sort of how Jesus commanded!

If you know of someone (it could be you) who might like to be on this list let us, or them, know. And thanks in advance.
