Notes from watching the video from the 10/13/2012 healing school - First Half:

03:38 the first day in Norway, shook hands with people and a woman age 79 had a right hand shriveled up, Thurman said, may the Lord bless you and her hand was immediately healed

09:40 Thurman has to fight against sickness (running nose) and he had the audience pray for him, but the healing did not manifest until later in the day

16:01 you can be sick or afflicted because of someone else's sin, Jenna at age 6.5 had a medical problem of eczema, born with it, the older children did not have it, so after the prior child was born and before Jenna was born there had to be a sin by the parents because the older children did not have eczema.

Deut 28:27 describes the curse (scab and itch of which cannot be healed)

30:47 Thurman injured his hand, the spring released it's tension and tore his hand all to pieces, left index finger took the flesh off to the bone on 3 of his fingers, he never went to doctor, he washed it up, and came back out to finish working on the barn door (maybe failed to put God first), doctor did not touch it, so he trusted God, washed it each night, in one week the bottom 3 fingers were completely healed and the index finger completely healed in one month, did not cry, did not go to doctor. Thurman encouraged the parents to pray according to Jer 33:3 to ask God to reveal the sin problem since the parents could not figure it out. The wife finally heard after 4 or 5 months "lying and deception" and wife confessed to husband she lied to husband and purposed to get pregnant by the husband but told him she was taking precautions to not get pregnant.

45:22 so she had a bad case of eczema, here are the pictures

So the healing was not instantaneous because the wife had to get the rheuma the healing had taken place and the parents gradually introduced foods (wheat, peanuts, milk, etc) that they knew had created problems, the girl is now healed today

1:04:30 James a rancher had a broken wrist, went to doctor Sat who xrayed and said is broken wrist, Sun Thurman prayed, thurman slapped the broken wrist as hard as he could, Monday he is roping cattle again,

1:11:01 history shows 4 bullet holes going through George Washington, but George was not injured, the indians wanted to examine george because George did not die

1:44:01 couple having sex before marriage, the first born son was born with eyesight problems, the couple confessed and repented and son was instantly healed

After confess and repent, then hold your ground, drive the evil spirit off, invite the Holy Spirit to heal and restore the eyesight, thank you it is done.

1:48:55 eyes were instantly healed

2:02:18 his company fired him at age 62 for doing a great job but talking/teaching about Jesus too much, since then he has traveled all over the world and US and has an airplane
