**Subject:** RE: Sin causing what disease

1. Typo on my part - right side is male & left side is female, which I said in the top 2nd paragraph. Thanks for showing me; I'll correct it.
2. Yes. We have actually seen the wife get Alzheimer's because of the man's unforgiveness. He died, she repented of her sins, then we prayed for her & she was healed of it.

When you marry, the two become one, so the other is accountable for the husband's or wife's sins. It's very important that you marry a Godly mate. We have seen a man with prostate cancer because of the wife's unforgiveness. Once she repented, he was healed. We have seen a sweet, kind Baptist deacon with colon cancer & a hole burned in his abdomen, with his guts leaking into his abdomen with only days to live, because of his wife's unforgiveness towards many in the family. Once she repented, her husband was healed & even the hospital & doctors forgave their medical bills, due to God's intervention & not their skills. 10 years later, he died, because his wife got into unforgiveness again & chose not to forgive. So, the demon goes after the more spiritual first to take them out, then he'll get the other easily who's doing the sinning. Hope this helps. Blessings in Christ! Cheryl Scrivner

Subject: Sin causing what disease

Date: Wed, 12 Dec 2012 16:32:32 -0600

Hi Mr & Ms Scrivner,

My wife and I were in your healing school on 12/8/2012

You gave us the attached guide line of which sin causes which disease

Two questions (see attached handout)

1. Warts, Skin, Acne - it says right side - female, but do you mean right side should be male??
2. Alzheimer's - it says the other will be affected, do you mean wife has the sin, but the husband gets the Alzheimer disease??

Let me know,  
Rick Hollman

**RE: Questions**

From: **Thurman Scrivner** (tls\_ministries@hotmail.com)

Sent: Thu 11/15/12 7:21 AM

To: Dan and Cindie (jubilee01@earthlink.net)

I apologize for getting back so slow, but I have been buying gifts for the Christmas Benefit almost every night. We have raised \$25,169 & bought Christmas for 1,041 children & 2 needy families, just since I got back. I have been doing marathons--staying up until 6 AM or 9 AM yesterday morning. We are still raising money. After I get back from shopping, I have to sort & box & put names on the Christ's Haven foster children gifts, keep \$\$ records & wish list records. I've been busy. HA!

The body is always separated: Right side is male & left side is female. Heart issues are always their love walk with themselves or others. Anything in the head is what you're saying or thinking; such as, cold, sinus, jaw & teeth problems, throat cancer, headache, etc.

Hope this helps. Again, I apologize for taking so long. It's been BUSY!!! Thanks for your patience. We enjoyed the ministry trip & look forward to seeing ya'll in April. Contact me anytime. Also, our staff knows this stuff, too & they have each had victories with many people. You can call here & talk to any of them & they can enlighten you, if we are not here. Love to you & yours! Blessings in Christ! Cheryl

**Cerebral Palsy** – 100% Adultery during pregnancy by one of the parents, usually the dad.

**Warts, skin problems, acne** – (Right side – <sup>MALE</sup> female) or (Left side – <sup>FEMALE</sup> male) Letting someone get under your skin. Teenagers always have a friend that hurts them, or they don't love themselves.

**Breast Cancer** – (Left = forgive <sup>BLOOD RELATIVE</sup> female in family) (right = forgive <sup>IN LAWS, CHURCH, WORK PLACE</sup> non family female) It can also be unforgiveness towards the woman who had an affair with your husband. We've seen that several times. We have seen one woman have breast cancer, because she cursed herself & asked GOD to give it to her, so her family would be saved. Thurman broke the word curse with Galatians 3:13-14. We saw many women in Germany with left breast cancer, because they did not love themselves. We've also had one woman who was molested by her mother & she got left breast cancer, but could not forgive her (she died).

**Cervical or Ovarian Cancer** – Sexual sin out of wedlock or unforgiveness. The womb has to do with husband, mother & children; it can also be unforgiveness against any of them. Same thing if a woman has fibroid tumors or on her ovaries.

**Cancer** – (men) Fail to put God first & unforgiveness is the main one. Liver cancer--rage & anger go into the liver. Throat & esophagus cancer--it's what you're saying.

**Stomach cancer**--unforgiveness.

**Skin cancer**--who is getting under your skin (also see which side of body & you'll know).

**Lung cancer** - not loving self by smoking or unforgiveness. Unforgiveness can be towards self or others--it's the biggest sin. I'd say maybe 90%.

**Throat cancer** - unforgiveness & what you're saying, usually anger & rage involved.

**Brain tumors** - unforgiveness. One man came here & he & his family swore there was no unforgiveness. On his death bed, we went to the hospital & found out that he had not spoken to his brother for 5 years due to inheritance dispute. UNFORGIVENESS. There was a young woman who came with her husband with brain tumor on the left side. I asked her if she was in unforgiveness with the women that her husband had affairs with. YES. The LORD showed me that one.

**Epilepsy** – Disobedience to parent, especially father with boys.

**Athletes feet** - is a demon – fungus

**Color Blindness** – Sex before marriage

**Diabetes** – Not loving self or generational curse

**Acid Reflux**- Not loving self

**Auto immune** – Not loving self

**Fibromyalgia** – Not loving self

**Migraines** – Not loving self or generational curse

**Heart problems, high blood pressure, high cholesterol** – Deut 28:28 curse--Not loving self or your love walk with yourself or others.

**Stroke** - unforgiveness. This affects the opposite side of the body. If the right brain has the stroke, then the left side is affected; but the unforgiveness is against a man. If the left brain has the stroke, then the right side is affected & the unforgiveness is against a woman. We've seen many healed of strokes & get out of their wheelchairs, once they forgive.

**Back Problems – Unforgiveness**

**Scoliosis** - generational curse or disobey parents. We saw that in your church. The woman got scoliosis at 12--it opened her eyes when she realized that she did do something back there, especially unforgiveness towards her mother. It also caused other problems in her body from that sin at 12.

**Lower Back Problems** – worrying about Money.

**Knees and Legs** – Deut 28:37 Curse, unforgiveness

**Neuropathy** - unforgiveness - GOD is actually putting your feet in the fire.

**Intestinal, bowel problems** – unforgiveness or not loving self or worry or stress (not casting your cares on GOD, not trusting Him). Pastor Paulo Santos in Baltimore was told by GOD that women had that due to not loving themselves & he was to break off the soul wounds. He prayed on me & my stomach has been good, until Sandra's death & it's back to normal now.

**Crohn's disease, ulcers, colitis** - not loving self (If you love yourself, you take care of yourself. My daughter's best friend has colitis from not loving herself, drinks like a fish, because she was raped at 14 by two black men.)

**Dyslexia** - sex before marriage (This is true, as my son had it. A lot of things hit the 1st born male.)

**Lung problems** – unforgiveness or not loving self, what you're saying or thinking. We had one girl who had a rare lung disease since she was 17. Now in her 40's & pastor's sister in Hobbs, NM & on oxygen for the last two years--unforgiveness with ex-boyfriend. Once she repented, she was immediately able to go off oxygen right there.

**Depression** – Isaiah 61:3 - Put on the garment of praise for the spirit of heaviness. Not loving self or unforgiveness.

**Allergies** – not loving self.

**Alzheimer's** – Deut. 28:28--the LORD will smite you with madness. Unforgiveness, can be either the husband or wife's sin & the other will be affected. We've seen it healed once the curse is broken & the person forgives.

SO HUSBAND SIN CAN MAKE WIFE SICK  
OR WIFE SIN CAN MAKE HUSBAND SICK

**Arthritis** – most always unforgiveness, but occasionally have seen generational curse.

**Cataracts or Glaucoma** – Psalm 6:7 - the eyes grow dim due to grief. I always ask if a person is grieving about someone or something. You would be surprised how many times that is true. Also can be what you're looking at. Thurman teaches that what you sin with is the area of the body that is afflicted.

**MS Multiple Sclerosis** - deep root of hatred & bitterness. I've seen one case of unforgiveness towards self, because her children both got on drugs & she had a public job. She thought everyone knew she was a bad mother & had tremendous guilt. It took about 3 times coming here & she walked three times around the church, then out of here on her own. One girl had it for 9 years; I asked what happened 9 years ago. She said that her daughter got raped. We explained that she could hate the sin, but not the sinner. She repented & the next day came walking in by herself! Another man got into unforgiveness with his wife taking his children & divorcing him. She only married him to have the children. He could never totally forgive her. Another man got into unforgiveness with his ministry partner, who stole the ministry away from him. He also could not forgive him. One black woman hated her father, because she was born out of wedlock & was valedictorian. He never came to any of her awards & only brought her a pair of oxford shoes each year. She finally reconciled with him in her early 20's, but got MS then anyway. She had it until we met her when she was in her 50's & almost in a wheel chair. She repented for her unforgiveness towards her father & brother (I don't what he did to her) & the LORD raised her up & healed her.

**Lou Gehrig's disease** - not putting GOD 1st or unforgiveness with the father.

**Shingles or Lipomas** (fatty tumors) –who is getting under your skin.

**Lupus** - unforgiveness. Norma Garcia hated her deacon father for molesting her all her life. She was in & out of hospitals until her 50's & meeting Thurman. She was instantly healed of Lupus & Parkinson's, after she repented for hating her father.

**Parkinson's** - unforgiveness or Masonic curse. The pastor's aunt in Arkansas had tremendous shaking. When we prayed, she got better, but the LORD had me ask if there were any Masons in the

family. The pastor said yes, her father, etc. We prayed again & broke the Masonic curses off of her & by the time she got back to her seat, she stopped shaking. Another woman did not love herself; Thurman was even shown a vision of many snakes in a concrete culvert in water. When we prayed, the snakes dissolved & a garden with a beautiful tree appeared above the culvert, which was her future. She immediately was healed & then lost it after 3 weeks, because she could not stop cursing & speaking ugly things about herself. She's still sick.

**Autism** - sexual sin & the family out of balance with the wife controlling the man.

**Spirits having sex with a woman** - You had one in your church. We broke the curse with Galatians 3:13-14 & they started telling us that they were not leaving. I immediately remitted her sins with John 20:23, then Thurman commanded them to leave again & they left the woman.

**Molestation, rape, incest** - We video edit out the bad memories & break all unholy soul ties. Claim the redemption from the curse, command the demons to leave & remit their sins & forefathers' sins. We just had a 13-yr old with a muscular disease wasting his body away last Sunday. The LORD showed me that it was his sin & I asked when it came on him--about 2 years ago. I asked what happened 2 years ago & they said that the mother's sister came to live with them & her son (nephew) molested that son (the sick boy). The afflicted boy then molested his 8-yr old brother & another friend. Of course, the nephew had been molested many times by his father & that is why he did what he did. We made sure that there was no unforgiveness towards any family member or each other. The younger brother had no unforgiveness & the afflicted boy had no unforgiveness towards his cousin.

**Pornography** - Can cause brain tumors or tumors behind the eye, impotence, blinking eyes like Tourette's syndrome. We've seen a man healed & then went back to it & died. We've seen a 22-yr old college boy lose his left eye to it. We have a young man at church that had the severe blinking eyes for 4 yrs. I asked him what he was looking at. . .his dad was on porn. That's where it started. He finally got set free this past month. Again, you need to break the unholy soul ties & video edit out all the bad memories. They make a soul tie with what they're looking at.

There are only 3 things that we have not seen cured: MD Muscular Dystrophy, Cerebral Palsy & Cystic Fibrosis. They are big demons that are usually connected to sexual sins.

If you can think of others I would love to have them as well!

What a huge blessing!

Love,

Cindie
